

Residential Land Development Manager Regina, Saskatchewan

Harvard Developments Inc. is a Western Canadian based innovative real estate development company recognized for its commitment to its community and its employees. Harvard's wholly owned commercial portfolio has grown to over 3,000,00 sq.ft., it has nearly 7,000,000 sq.ft under management, and is involved in over 30 residential joint ventures containing 6 operating subdivisions.

We are looking for an individual with an entrepreneurial style, strong interpersonal and organizational skills to work with our industry-leading development team based in our Regina head office.

The **Residential Land Development Manager** will be responsible for managing all aspects involved in the implementation of our new and existing Harvard Communities within Saskatchewan. This shall include but not be limited to overseeing the design and implementation of the projects, managing the consultant and contractor relationships, completing proformas, obtaining servicing agreements, negotiating with builder groups and residential customers, administering advertising and marketing campaigns and sourcing new opportunities and partnerships.

The successful candidate will have a University degree in urban planning or civil engineering. An equivalent combination of experience and education will be considered.

Harvard Developments offers strong corporate values, flexible work hours, a merit based compensation and incentive program, competitive private industry benefits and an accountability based, team-oriented work environment.

Interested applicants are encouraged to submit their resume, along with a letter outlining current knowledge in land development, to our Human Resource department at careers@harvard.ca and reference job code **HDI-10-04**.
